NEW JAGUAR F-PACE SVR

THE ART OF PERFORMANCE
THE ART OF PERFORMANCE

Every day we push performance to its limit. Our performance. Our cars’ performance. We innovate, we engineer, we design. We master rules and then break them. Only to push further. Past the limits of convention. This is when performance becomes art.

Jaguar. The Art of Performance.
### NEW JAGUAR F-PACE SVR

Meet Jaguar's ultimate performance SUV.

VEHICLE SHOWN: F-PACE SVR IN INDUS SILVER WITH OPTIONAL FEATURES FITTED (MARKET DEPENDENT) VEHICLES SHOWN ARE FROM THE JAGUAR GLOBAL RANGE. SPECIFICATIONS, OPTIONS AND AVAILABILITY MAY VARY BETWEEN MARKETS AND SHOULD BE VERIFIED WITH YOUR LOCAL JAGUAR RETAILER.
PERFORMANCE SHAPED BY SPECIAL FORCES

The experts at Special Vehicle Operations (SVO) have harnessed the forces of gravity, drag, friction, heat and energy in the new F-PACE SVR. Hand-finished at the innovative SVO Technical Centre in Warwickshire, England, you can now experience the power of SVO in a Jaguar SUV for the first time. Their dedicated team's technical expertise takes precision engineering to new heights, while offering the opportunity for more individuality, choice and personalisation.
JAGUAR'S ULTIMATE PERFORMANCE SUV

F-PACE SVR is the most significant evolution yet of the award-winning F-PACE. It’s an SUV with the DNA of a sports car. A sports car with all the practicality of an SUV.

SVO’s highly skilled engineers and aerodynamics experts have analysed and tested every force, acting on every part of the vehicle, in every way possible. Then, armed with this information, they’ve created something truly special.

Knowledge is more than power, it’s also essential in tuning aerodynamics. By shaping the forces required to deliver breathtaking performance, Special Vehicle Operations has created a full-size SUV that can roar to 100 km/h in a thrilling 4.3 s.
No part of F-PACE SVR exists for aesthetics alone. A revised front end with enlarged air intakes and optimally positioned bonnet vents are there to improve airflow and cooling. They also give F-PACE SVR an aggressive stance and hint at the enormous power within.

Adaptive LED headlights do more than simply add to its commanding road presence. They produce a quality of light that is closer to daylight conditions, so driving at night becomes less tiring.

The swooping roofline smooths airflow over the car, resulting in a 0.37 drag coefficient. New 395 mm brake discs with red 4-piston front brake calipers deliver outstanding braking performance. Bolder wheel arches house 53.34 cm (21) forged alloy wheels. For increased grip and improved cornering capability, 295 mm wide rear tyres further underscore F-PACE SVR’s sporting prowess.

A new spoiler extends the roofline – offering substantial lift reduction and highlighting F-PACE SVR’s sports-car pedigree. For eye-catching styling, and performance you can hear, the F-TYPE inspired Switchable Active Sports Exhaust system features quad tailpipes in highly polished aluminium. Choose from a range of striking exterior colours for F-PACE SVR, including Indus Silver and Ultra Blue.
PLACING THE DRIVER, AND PASSENGERS, CENTRE STAGE

Whether you’re sitting in the front or the back, you connect with F-PACE SVR from the moment you slide into the form-hugging Performance seats. The 14-way slimline front seats with memory, climate control and SVR embossing feature a lozenge pattern in premium perforated leather. Adding to the sports car feel, side bolsters hold you snugly in place when cornering. In the rear, matching perforated leather Performance seats offer even more lateral support than in the standard F-PACE - especially during enthusiastic driving.

F-PACE SVR’s Touch Pro system features a 25.4 cm (10) Touchscreen which responds just like a smartphone or tablet, providing multi-touch gestures such as pinch-to-zoom and swipe. The stylish infinity rear view mirror has a frameless design. Simple, clear and easy to read, the high-definition Interactive Driver Display delivers information where and when you need it.

The 3-spoke sport steering wheel is wrapped in leather with a contrasting baseball stitch and SVR badging. The SportShift Selector, a detail inspired by F-TYPE, is simple and intuitive to use. For fast, manual changes, without the need for the driver to take their hands off the wheel, gear changes can also be made using aluminium gearshift paddles. For a strikingly different look, choose from four high-impact interior colour combinations to create your perfect F-PACE SVR.
THE POWER TO EXCITE

Here are some figures to set your pulse racing, before you even get in the car. F-PACE SVR’s 5.0 l V8 Supercharged Petrol engine delivers an astonishing 405 kW and 680 Nm of torque. It accelerates from 0-100 km/h in just 4.3 s, on its way to a top speed of 283 km/h.

Jaguar’s 8-speed Quickshift Automatic Transmission has been specifically tuned by Special Vehicle Operations – this system combines precise shifting with an exceptionally rapid response. Eight closely spaced ratios provide strong acceleration, with each shift completed in just 200 milliseconds.

Throttle response has been optimised for improved feedback, while a final drive ratio delivers a precise driving experience. Jaguar’s advanced torque-on-demand All Wheel Drive system dispatches torque to the wheels that have most traction – delivering maximum grip and control for confident handling in all weathers, on all surfaces.

The Switchable Active Sports Exhaust system reacts to throttle position, speed and engine revs by opening a set of active valves. This allows exhaust gases to take a more direct route through the rear silencer, producing a much richer, more exhilarating sound.

VEHICLE SHOWN: F-PACE SVR IN INDUS SILVER WITH OPTIONAL FEATURES FITTED (MARKET DEPENDENT)
Torque Vectoring by Braking applies brake pressure to slow the inside front or inside rear wheels independently, helping to prevent understeer and stay on the true line of travel.
HIGH PERFORMANCE BRAKING SYSTEM
Instantly recognisable with striking Red calipers, F-PACE SVR’s High Performance Braking System offers a fast, precise response – especially when repeatedly braking from high speed, due to its excellent fade resistance. The system features 395 mm discs with 4-piston calipers at the front.

F-PACE SVR’s unique Stability Control System (SCS) interacts with the braking system to help stabilise the car in hazardous road scenarios. This system uses sensors to continuously monitor the direction, speed and lateral acceleration of the car.

TORQUE VECTORING
F-PACE SVR’s Torque Vectoring by Braking (TVBB) maximises capability through even the tightest corners. This technology provides controlled independent braking on the individual inside front and rear wheels to add to the turning forces acting on the car.

In most conditions more braking pressure is applied to the rear inside wheel, as this supports the most increased cornering capability, while the front inside wheel is braked with slightly reduced pressure. The result is reduced understeer for sharper turning and more consistent road holding.

ELECTRONIC ACTIVE DIFFERENTIAL
F-PACE SVR features a new Electronic Active Differential system that works together with the Torque Vectoring by Braking (TVBB) system. A second multi-plate wet clutch between the rear wheels can lock almost instantly to provide full engine output torque to both wheels. This can be especially useful to deliver effortless capability in low-grip conditions such as patchy ice or wet grass. It also provides maximum traction when exiting a corner, as when the inside wheel loses traction due to weight transfer, the Electronic Active Differential increases torque to the outside wheel.

ALL WHEEL DRIVE
Special Vehicle Operations has tuned F-PACE SVR’s All Wheel Drive system to deliver remarkable performance and handling. The system uses a torque biased differential that substantially improves traction.

In normal driving conditions, virtually all torque is distributed to the rear wheels, providing signature Jaguar Rear Wheel Drive performance. Where road conditions are changeable, over 90 percent of torque can be intelligently distributed from the rear wheels to the front to optimise traction in all conditions. On slippery surfaces, such as grass and mud, torque can be balanced 50:50 between the front and rear wheels to maximise traction.

CHASSIS AND SUSPENSION
F-PACE SVR’s strong, stiff body structure is inherently stable which enables precise, agile handling and allows the uprated suspension system to deliver better driver connection with the road. SVO has optimised the damping set up to provide the optimum partnership between dynamics and refinement. They’ve also revised the damper control system, specifically tuned the shock absorbers and added new stiffer front and rear springs and stiffer suspension link bushes for the perfect combination of control, agility and feedback.

At the front, its aluminium double wishbone suspension is modelled closely on F-TYPE for precise handling and control, while modified anti-roll bars greatly reduce the vehicle’s body roll during fast cornering or over challenging road surfaces. An Integral Link suspension system at the rear provides stiffness to support handling, improve ride quality even further and to extend F-PACE SVR’s breadth of dynamic capability.

DYNAMIC MODE
Engage Dynamic Mode and an SVR graphic appears on the Interactive Driver Display – a symbol of ultimate sports performance. The throttle response is sharpened, the dampers are stiffened and steering weighting is increased. Dynamic Mode also changes the exhaust mapping – allowing the engine to breathe freely, for a deep, dramatic sound.
OUTSTANDING PERFORMANCE WITH OPTIMUM EFFICIENCY

F-PACE SVR’s unique exterior design maximises cooling and enhances aerodynamic performance. Air is efficiently directed over, under and around the car - reducing lift, increasing tyre traction, feeding the engine air intakes and cooling the 395 mm brake discs. The result is improved handling, higher cornering g-force and increased high-speed stability.

UNDERFLOOR AND REAR DIFFUSER
The smooth rear underfloor reduces drag, while the rear diffuser works to manage airflow, adding to F-PACE SVR’s high-speed stability.

FRONT INTAKES AND VALANCE
New large bumper intakes maximise airflow, cooling both the engine and brakes for improved performance. A new front valance manages the airflow, to help reduce drag and aid cooling.

BONNET VENTS
New bonnet vents allow a cleaner exit of the air passing through the radiator. They also help to maintain airflow through the engine bay, increasing cooling.

SIDE VENTS
F-PACE SVR’s unique front fender features functional side vents. Pushing air around the side of the car, these vents help to reduce air pressure in the wheel arch and minimise front-end lift. They also improve wheel arch ventilation to optimise brake cooling.

SIDE CLADDING
The side cladding and side sills also have an aerodynamic benefit - each side sill features three sharp slits that extract air from behind the wheels.

SPOILER
The new spoiler is integral to F-PACE SVR’s enhanced performance and helps lower the drag coefficient to 0.37. It works to reduce lift and increase friction between the tyres and the road - improving downforce for greater grip.
F-PACE SVR UNIQUE FEATURES

BESPOKE AERODYNAMICS
Developed specifically for F-PACE SVR, entirely new aerodynamics include a new front bumper, side vents, side cladding and a wider rear spoiler. It now offers the downforce and aerodynamic performance necessary for an SUV to reach a top speed of 283 km/h – and looks sensational doing it.

UPRATED SPORTS SUSPENSION
F-PACE SVR’s uprated suspension system provides the optimum partnership between dynamics and refinement.

SPORTS EXHAUST
For eye-catching styling, and performance you can hear, the F-TYPE inspired Switchable Active Sports Exhaust system features quad tailpipes in highly polished aluminium.

VEHICLE SHOWN: F-PACE SVR IN INDUS SILVER WITH OPTIONAL FEATURES FITTED (MARKET DEPENDENT)
SUPERCHARGED PERFORMANCE
F-PACE SVR features Jaguar’s 5.0 l Supercharged V8 engine. Maximum power is 405 kW and maximum torque is an astonishing 680 Nm – making F-PACE SVR the most powerful SUV Jaguar has ever made.

BESPOKE COOLING
New large bumper intakes and optimally positioned new bonnet vents maximise airflow – cooling both the engine and brakes for improved performance.

EXCLUSIVE INTERIOR
The 3-spoke sport steering wheel features SVR badging. A detail inspired by F-TYPE, the SportShift Selector is simple and intuitive to use. Front and rear Performance seats, with SVR embossing, grip driver and passengers tight.

UNIQUE WHEELS AND TYRES
F-PACE SVR is fitted with 53.34 cm (21) forged alloy wheels. These split-spoke wheels are equipped with wide 295 mm rear tyres for increased grip, improved cornering capability and added sporting character.

HIGH PERFORMANCE BRAKES
F-PACE SVR’s High Performance Braking System offers a fast, precise response – especially when repeatedly braking from high speed, due to excellent fade resistance.
Delivering a wealth of information and entertainment, every F-PACE SVR is equipped with our InControl infotainment system, Touch Pro. It features intuitive and advanced integrated technologies to ensure everyone can make the most of their journey.

**25.4 cm (10) TOUCH PRO**
The standard 25.4 cm (10) Touchscreen at the heart of the centre console supports tap, swipe and pinch-to-zoom gestures and delivers our richest ever audio-visual entertainment. To enhance the in-car experience, Touch Pro offers customisable homescreens and fast response times as well as voice control. Multi-tasking is also made easy thanks to the Interactive Side Panel.

**INTERACTIVE DRIVER DISPLAY**
The standard 31.24 cm (12.3) high-definition Interactive Driver Display can receive and project a vast amount of driving information, entertainment and active safety data including navigation, phone and media. Its high resolution ensures the utmost clarity and its refined processing engine delivers smooth moving pin sharp graphics. To help you find your way more easily, Navigation Pro enables you to display full screen navigation with 3D mapping.

**HEAD-UP DISPLAY**
To help reduce distraction or the need for you to take your eyes off the road, Head-up Display presents key vehicle data such as your speed, gear position and navigation directions on the windscreen. It features crystal clear full-colour graphics in high resolution, enabling you to see all driver inputs and information with ease. It can display important information from the Touch Pro Touchscreen and your phone. The feature can be turned on and off dependent on driver preference.
A vehicle’s cabin is the ideal place within which to experience your personal choice of music and Jaguar F-PACE SVR has the option of two different audio systems to bring your music to life:

**MERIDIAN™ SOUND SYSTEM**
Great definition, crystal clear highs and full, deep bass – delivered through the careful arrangement of 10 speakers and a dual channel subwoofer.

**MERIDIAN SURROUND SOUND SYSTEM**
All the fullness and clarity of a live performance delivered through an arrangement of 16 front, side and rear speakers and a dual channel subwoofer – seamlessly brought together using Trifield™ technology. Exclusive to Meridian, Trifield perfectly blends the centre and surround channels with left and right channels ensuring an optimum, consistent sound experience for each passenger.

*Standard on F-PACE SVR.
Image is representative of Meridian Surround Sound System.
**MERIDIAN™**

Formed in 1977 in Cambridgeshire, England, Jaguar’s audio partner Meridian has pioneered many firsts including active speakers and the world’s first digital surround sound processor. Meridian’s audio technology input has helped ensure that Jaguar F-PACE SVR is the most superb space within which to experience sound. Meridian Cabin Correction technology was utilised to analyse cabin shape, acoustics and resonance characteristics in order to help remove unwanted sounds. The advanced algorithm ensures that the rhythm, punch and timing of any piece of music are heard precisely how the artist intended, providing a consistently exceptional quality audio experience for all passengers in the vehicle.

**DIGITAL SIGNAL PROCESSING**
Brings all elements of the audio system together as one, for performance that would otherwise require significantly larger speakers.

**MERIDIAN CABIN CORRECTION**
The advanced algorithm of Meridian’s Cabin Correction tailors the sound experience to the precise acoustics of F-PACE SVR’s interior.

**MERIDIAN DIGITAL DITHER SHAPING**
To maintain the quality of musical recordings, they are converted into a common digital format. Meridian Digital Dither Shaping ensures that digital signal conversions are made smoothly and seamlessly, preserving the finest details of the audio performance. The result is authentic musical conversion, evoking the emotions of the original recording.

**TRIFIELD**
Exclusive to Meridian, Trifield blends the centre and surround channels seamlessly with left and right channels, delivering a consistent, concert-like experience for all occupants.

CONNECTIVITY

InControl is Jaguar’s suite of standard and optional features that connects you to your vehicle and links you seamlessly, and securely, with the outside world. There are a range of packs and options available to choose from. With a selection of apps, even when you’re away from your car, some of the InControl features stay with you, making sure the Jaguar experience is more enjoyable than ever.

STANDARD FEATURES

PINPOINT TOUCH CONTROL
Pinpoint touch control allows you to interact with information swiftly. The Touchscreen responds in the same manner as a smartphone or tablet computer, providing multi-touch gestures such as pinch-to-zoom and swipe.

PERSONALISED HOMEPAGE
You can set up your homescreens the way you want them. With over 60 shortcuts and widgets, you can customise your system around the features you use most.

INTERACTIVE SIDE PANEL
A choice of side panels means you can multi-task. For example, your main screen area can be used for navigation, while the side panel provides phone controls. Simply swipe up and down to switch between multiple panels.

MULTIMEDIA
Enjoy a range of multimedia features on the Touchscreen. Connect your device and see details of playlists and music displayed by artist, album and genre.

ENHANCED PHONE INTERFACE
Making it easier and safer, you can call a favourite contact with a single touch. Additional functionality includes direct access to voicemail, conference calling and homescreen integration.

VOICE RECOGNITION SYSTEM
So you can complete tasks without taking your eyes off the road, F-PACE SVR offers intelligent voice recognition. For example, 'Tune to 97.9' or 'Call home'.
InControl features, options and their availability remain market dependent – check with your Jaguar Retailer for local market availability and full terms. Information and images displayed in relation to the InControl technology, including screens or sequences, are subject to software updates, version control and other system/visual changes depending on options selected. Mobile network connectivity cannot be guaranteed in all locations. InControl Apps and Remote App will need to be downloaded from the Apple/Play Store.

All in-car features should be used by drivers only when safe for them to do so. Drivers must ensure they are in full control of the vehicle at all times.
NAVIGATION PRO
Navigation Pro allows you to save your favourite places, use pinch-to-zoom gestures for simple map exploration and display a choice of either 2D or 3D crystal clear map graphics.

Jaguar InControl Apps technology allows vehicle-optimised apps on your Android™ or Apple® smartphone to be controlled through the vehicle’s Touchscreen, including contacts, calendar and music player via a USB cable. You can also download third-party apps offering a range of services.

4G Wi-Fi
The 4G Wi-Fi Hotspot provides in-car access to the Internet, enabling up to eight wireless devices to be used simultaneously in the car. Passengers can connect through the vehicle’s wireless network to surf, work, update social media and stay entertained throughout the journey.

PRO SERVICES
• Planning Routes and Door-to-Door Routing – Before setting off, use the Route Planner app or online portal to search, save locations or set your destination. The app uses the Cloud to send your destination automatically to your vehicle’s navigation screen.
• Share ETA – You can share your estimated time of arrival so your selected contact(s) will know exactly when you will arrive, as calculated by the navigation guidance system. If you’re running late, Share ETA can then send automatic updates via text messages or email, without any further action from you.
• Satellite View – When you want to get the context of your surroundings from overhead, simply switch to satellite view.
• Commute Mode – Allows the system to learn your commutes and automatically advises you of the expected journey time based on live and historical traffic movements without you having to input a destination. The system learns the routes you take for a given destination and then advises which of those is the quickest. The feature can be turned on and off dependent on driver preference.

InControl features, options and their availability remain market dependent – check with your Jaguar Retailer for local market availability and full terms. Information and images displayed in relation to the InControl technology, including screens or sequences, are subject to software updates, version control and other system/visual changes depending on options selected. Mobile network connectivity cannot be guaranteed in all locations.

InControl Apps will need to be downloaded from the Apple/Play Store.

All in-car features should be used by drivers only when safe for them to do so. Drivers must ensure they are in full control of the vehicle at all times.
DRIVER ASSISTANCE

MAKING DRIVING EASIER AND SAFER
From negotiating city traffic or the motorway, to providing additional safety for you and your passengers, there’s a wealth of innovative technologies available; either as standard, optional or as part of an optional pack. Whichever you choose, you’ll find every single feature has been designed and engineered to heighten your enjoyment of the vehicle.

STANDARD FEATURES

Cruise Control and Speed Limiter allows the driver to maintain the current speed of the vehicle without the need for continued use of the accelerator pedal, helping to reduce driver fatigue. In addition, the Speed Limiter will also allow the driver to pre-set a maximum specified speed which the vehicle will not exceed. Both functions can be easily turned on or off by the driver as desired.

Driver Condition Monitor detects if you’re starting to feel drowsy by monitoring steering inputs, brake and throttle pedal activity to give you an early warning when you need to take a break.

Lane Keep Assist detects when your vehicle is unintentionally drifting out of your lane, and gently steers you back.

360° Parking Aid gives you complete confidence when manoeuvring in tight spaces. Sensors located around the car are automatically triggered when Reverse is selected, or can be manually activated, with a graphic appearing on the Touchscreen showing an overhead view of the vehicle. As you park, the Touchscreen display and audio feedback indicate how close you are to obstacles.

360° Surround Camera uses four digital cameras discretely placed around the vehicle, providing a 360° overhead view on the Touchscreen. With the capacity to display several different views at the same time, this helps with various manoeuvres from parking by a kerb, to getting in and out of tight spaces and junctions.

All in-car features should be used by drivers only when safe for them to do so. Drivers must ensure they are in full control of the vehicle at all times.

VEHICLE SHOWN: S IN INDUS SILVER WITH OPTIONAL FEATURES FITTED (MARKET DEPENDENT)
OPTIONAL PACKS

PARK PACK
Park Pack enables you to park and manoeuvre safely and securely in and out of tight spaces and into traffic that is obscured by buildings or other vehicles. It features:

**Park Assist** makes parallel and perpendicular parking easier than ever by steering your vehicle into a suitable space. Selecting either Drive or Reverse, you only have to control the vehicle’s speed with the brake and accelerator pedals. Steering will be done automatically by the car. Graphics and notifications guide you through the manoeuvres. Park Assist will also steer you out of a space, taking all of the stress out of parking.

DRIVE PACK
Making every journey safer and more relaxing. The Drive Pack includes:

**Adaptive Cruise Control with Stop & Go** will keep your vehicle a safe distance from the one in front should it slow or stop when you’re cruising on the motorway or travelling in slow-moving traffic. Should the vehicle in front stop completely, your vehicle will come to a smooth halt. In stop-start traffic, Adaptive Cruise Control will automatically resume following the car in front. The system can be activated from 20 km/h and once activated will operate between 0-200 km/h.

**High-speed Emergency Braking** detects when a potential frontal collision with another vehicle may occur and displays a forward alert to warn the driver to brake. If the driver doesn’t react, the car will deploy the brakes in order to reduce the severity of the possible impact. High-speed Emergency Braking is ready and active from 10 km/h to 160 km/h.
OPTIONAL PACKS

DRIVER ASSIST PACK
The optional Driver Assist Pack offers a wide range of driver aids including the features found in both the Park Pack and Drive Pack (see page 31). It also includes new Adaptive Cruise Control with Steering Assist which centres the vehicle in lane and maintains a set distance from vehicles ahead, making driving even easier and more comfortable.
Adaptive Cruise Control with Steering Assist can be activated from 20 km/h and once activated will operate between 0-180 km/h. It begins functioning when you depress the “Set” cruise button.

Adaptive Cruise Control with Steering Assist works with you; as you keep your hands on the wheel anticipating the road ahead, the system assists with steering, braking and acceleration. Should you remove your hands from the wheel, the vehicle will provide a warning. If the warning is not heeded then the Steering Assist is deactivated but the Adaptive Cruise Control remains active.
**VEHICLE SHOWN:** F-PACE R-SPORT IN FIRENZE RED, FEATURING EBONY/PIMENTO PERFORATED GRAINED LEATHER SPORT SEATS WITH PIMENTO CONTRAST STITCH.

OPTIONAL FEATURES FITTED (MARKET DEPENDENT)
THE ULTIMATE PRACTICAL SPORTS CAR

F-PACE SVR is an uncompromised performance car that offers practicality and versatility. Its generous legroom means that even the tallest drivers have plenty of space. In the back, there’s space for three adults to sit comfortably side by side. Rear leg and knee room are 944 mm and 65 mm respectively.

Luggage capacity is a class-leading 508 l, substantially greater than its nearest competitor. The space is made even more versatile by the rear seats’ 40:20:40 configuration. They can be folded completely, or folded individually, in a variety of combinations, to accommodate both passengers and awkward items such as skis. With the rear seats folded flat, F-PACE SVR’s total loadspace is an impressive 1 740 l.

ACTIVITY KEY

With the optional Activity Key you can enjoy your favourite activities, and keep your car key securely in the car. For extra convenience, you can strap the Activity Key to your wrist. The wristband is robust and fully waterproof, allowing you to take part in a range of activities from cycling to swimming. Simply place your Activity Key against the sensor on the tailgate to lock or unlock the car and deactivate or reactivate the conventional key fob.

STANDARD FEATURES ON F-PACE SVR

EXTERIOR FEATURES
- Adaptive LED headlights with signature DRL
- Front headlights with darkened finish
- LED taillights
- Rear fog lights
- SVR badge
- Satin Grey/Black lower bumper
- Dark Satin Grey front fender grille
- Gloss Black grille with Satin Grey surround
- Dark Satin Grey bonnet louvres
- Red brake calipers
- Gloss Black side window surround
- Quad tailpipes with 95 mm finishers
- Sliding panoramic roof
- Auto-dimming, power fold, heated door mirrors with memory and approach lights
- Solar attenuating windscreen
- Rain sensing windscreen wipers
- Heated rear window

WHEELS AND TYRES
- 53.34 cm (21) 5 split-spoke 'Style 5080' with Diamond Turned finish
- 48.26 cm (19) SVR reduced section alloy spare wheel
- Tyre Pressure Monitoring System (TPMS)

INTERIOR FEATURES
- Four-zone Climate Control
- Configurable Ambient Interior Lighting
- Auto-dimming interior rear view mirror
- Twin front cupholders with cover
- Aluminium gearshift paddles
- Bright metal pedals
- SportShift Selector
- Centre Console storage surround finishers in Satin Chrome
- Rear armrest with twin cupholders
- Smoker's Pack

SEATING AND INTERIOR TRIM
- Perforated Windsor leather seats with SVR pattern
- Performance seats
- 14-way electric front seats
- Heated and cooled front seats with heated rear seats
- SVR branded heated leather steering wheel
- Satin Chrome Touchscreen surround
- Luxtec wrapped instrument panel topper
- Luxtec door trim
- Leatherette facia and binnacle
- Ebony suede cloth headlining
- SVO Premium carpet mats
- Metal treadplates with SVR branding
- Rear metal treadplates
- 40:20:40 split fold rear seat

DYNAMICS
- All Wheel Drive (AWD)
- All Surface Progress Control (ASPC)
- Adaptive Surface Response (AdSR)
- Configurable Dynamics
- Adaptive Dynamics
- Hill Launch Assist
- JaguarDrive Control
- Electric Power Assisted Steering (EPAS)
- Speed proportional steering
- Dynamic Stability Control (DSC)
- Torque Vectoring by Braking (TVBB)
- Electronic Active Differential
- Jaguar Performance Braking System
- Electric Parking Brake (EPB)
- Brake pad wear indicator
- Switchable Active Sports Exhaust

INFOTAINMENT
- 25.4 cm (10) Touch Pro
- Navigation Pro
- 31.24 cm (12.3) Interactive Driver Display
- InControl Apps
- Meridian™ Sound System – 380 W
- AM/FM radio
- Dynamic Volume Control
- Bluetooth® connectivity
- Bluetooth® streaming
- Voice control
- Additional power sockets
- ECO driving style assistant
- Trip computer
- Pro Services and Wi-Fi Hotspot

DRIVER ASSISTANCE
- Cruise Control and Speed Limiter
- Lane Keep Assist
- Driver Condition Monitor
- 360° Parking Aid
- 360° Surround Camera

SAFETY
- Emergency Brake Assist
- Power operated child locks
- Electric windows with one-touch open/close and anti-trap
- Seat belt reminder
- Rear ISOFIX
- Passive front head restraints
- Front airbags with passenger seat occupant detector
- Front side airbags
- Full length side window curtain airbag

CONVENIENCE
- Activity Key
- Keyless Entry
- Electrically adjustable steering column
- Lockable cooled glovebox and Air Quality Sensor
- Trailer Stability Assist (TSA)
- Luggage tie-downs in loadspace
- Hooks in loadspace
- Valet Mode

You can make your F-PACE SVR truly bespoke with options chosen at the point of order, and through the Jaguar Gear range of accessories that can be fitted before or after delivery by your Jaguar Retailer.

OPTIONS (FACTORY FIT)

- **Illuminated Metal Treadplates with Jaguar Script**
  Illuminated aluminium treadplates, featuring Jaguar script, are available on driver and front passenger sides.

- **Loadspace Storage Rails**
  Loadspace rails extend and adjust to secure items.

- **Cabin Air Ionisation**
  This technology improves the air quality within the vehicle cabin, and removes allergens, any viruses, airborne bacteria and associated odours. It does so by ionising particles in the air, making them attract to surfaces and thus helping to cleanse the air.

JAGUAR GEAR ACCESSORIES

- **Electrically Deployable Side Steps**
  These smart, practical steps make it easier to get in and out of the vehicle and improve access to the roof. Neatly stowed under the sills, the side steps automatically deploy as soon as the door is opened. They stow automatically when the door is closed.

- **Luggage Compartment Rubber Mat**
  This premium mat is tailored specifically to protect the luggage compartment. Light and durable, it is easily removable for cleaning.

- **Luggage Compartment Rubber Mat Extension**
  Offered for fitment in conjunction with rubber luggage compartment mat, this mat extension provides protection to the back of the rear seats when folded down.

- **Luggage Compartment Luxury Carpet Mat**
  Luxurious soft luggage mat in Jet Black with the Jaguar logo. Deep premium 2 050 g/m² pile with Nubuck edging and Dove contrast stitch.

- **Locking Wheel Nuts – Black**
  Protect your wheels with custom designed high-security Black locking wheel nuts.

- **Locking Wheel Nuts – Chrome**
  Protect your wheels with custom designed high-security Chrome locking wheel nuts.

- **Tow Bar Mounted Cycle Carrier**
  Premium tow ball mounted cycle carriers provide a convenient carrying solution with quick release loading attachments and secure locking mechanism. Clever design allows carrier to be tilted away from vehicle when fitted, allowing access into the rear tailgate.

Options specified may affect vehicle efficiency and pricing due to local taxation policy. Please configure at jaguar.in or check with your local Jaguar Retailer.

THE WORLD OF JAGUAR

Choose F-PACE SVR and you’re joining the exciting World of Jaguar.

TRACK DAYS
There’s no better way to get to know Jaguar than by taking a drive. The Jaguar Experience offers a range of unique opportunities to really find out what it feels like to get the most out of a Jaguar. Our track experiences allow you to push yourself and cars from the incredible Jaguar range to the limit.

Find out more by visiting jaguar.in/experience-jaguar

BEHIND THE SCENES
Our factory tours give you the unique opportunity to experience the whole process of how our cars are brought to life – from the moulding of sheet metal to those intricate final touches. At our state-of-the-art production facilities, you’ll get to see how skilled technicians and sophisticated machines work seamlessly together to perfect some of Jaguar’s most breathtaking cars.

ICE DRIVE EXPERIENCES
Take your driving to the next level with the Jaguar Land Rover Ice Drive Experience. Since 2017, we have been offering an adventure in Arjeplog, Sweden, that will test and develop your performance driving skills in extreme conditions. It’s a rare chance for owners and enthusiasts to tackle some of the harshest and most challenging tracks on earth, under the skilled guidance of our experts. Our driving instructors are of the highest calibre and will be with you every step of the way – ready to impart years of driving wisdom. You will dance on ice, glide around some of the most awe-inspiring corners imaginable and realise the true exhilarating potential of Jaguar and Land Rover.

If you’d like to be part of the next adventure, find out more by visiting jaguar.com/experience-jaguar/iconic-experiences
FORMULA E
Jaguar’s reputation for performance, technology and design was forged by the world’s most challenging circuits and championships. From Le Mans to Formula 1, and now Formula E, the grid is our test-bed. Formula E provides the perfect proving ground for electric vehicle technology in a high performance environment. The racing series accelerates the development of Jaguar’s electric powertrains. With every race, Formula E helps Jaguar engineers create better electric vehicles.

JAGUAR COLLECTION
The latest range from the Jaguar Collection has been crafted with the same design execution and attention to detail that goes into all of our cars. This is evident in our clothing range, premium leather items and luxury travel goods. To celebrate Jaguar’s heritage, we also have a collection that honours past achievements and features race inspired gift items and apparel.

To find out more, visit the online shop at jaguar.in/branded-goods

THE JAGUAR MAGAZINE
This is our own vibrant, cosmopolitan and contemporary magazine. Produced by a team of enthusiastic designers and feature writers, it goes behind the scenes at Jaguar as well as providing insight into the world of luxury, design, style and travel. You can enjoy Jaguar Magazine twice a year completely free of charge for the first three years. Ask your local Jaguar Retailer to ensure that you receive your copy.
AT YOUR SERVICE

As well as providing a range of exclusive services and lifestyle products, the World of Jaguar makes owning and driving carefree and easy.

GENUINE PARTS
Jaguar Genuine Parts are designed, tested and manufactured to our uncompromising standards for quality, fit and durability. Each part is engineered specifically for your F-PACE SVR to contribute to optimum performance and to help maximise its lifespan.

FLEET & BUSINESS
Jaguars are dynamic and distinctive cars that help companies express the unique character and personality of their business. We are committed to providing customer-focused aftersales services, ensuring that every Jaguar performs to the highest standard and in the most cost-efficient way for businesses. Visit jaguar.in/fleet-and-business for more information.

JAGUAR ASSISTANCE
Jaguar Assistance provides assistance in motoring emergencies, from immobilisation due to breakdown or accident to minor problems such as punctures. You can rely on our roadside assistance, whatever the situation, wherever you happen to be.

JAGUAR FINANCIAL SERVICES
New or used, for personal or business use, we have a finance option that puts you in complete control. Please speak to your local Jaguar Retailer to find out more.

INSURANCE
F-PACE SVR's key components are easily accessible for time-efficient service and repair costs. With a focus on lower repair costs, F-PACE SVR delivers competitive insurance group ratings. To find out more about the compelling business case for F-PACE SVR, please contact your local Jaguar Retailer.

IMPORTANT NOTICE
Jaguar Land Rover Limited is constantly seeking ways to improve the specification, design and production of its vehicles, parts and accessories and alterations take place continually. Whilst every effort is made to produce up to date literature, this brochure should not be regarded as an infallible guide to current specifications or availability, nor does it constitute an offer for the sale of any particular vehicle, part or accessory. Distributors and retailers are not agents of Jaguar Land Rover Limited by any express or implied undertaking or representation.

COLOURS
The colours reproduced here are subject to the limitations of the printing process and may therefore vary slightly from the actual vehicle. The company reserves the right to alter or withdraw any colour finish without notice. Some of these colours may not be obtainable in your country. Please check availability of colours and current specifications with your Jaguar Retailer. Distributors and retailers are not agents of Jaguar Land Rover Limited and have absolutely no authority to bind Jaguar Land Rover Limited to any express or implied undertaking or representation.

ENVIRONMENTAL INNOVATION AT JAGUAR
Jaguar is committed to reducing dependency on fossil fuels, using fewer natural resources and creating less waste as part of our approach to responsible and sustainable business development. Search 'Jaguar Environmental Innovation' for more details.

Castrol EDGE Professional exclusively recommended by Jaguar.
